

**510(k) Summary of Safety and Effectiveness
Hoffmann® Light System**

Proprietary Name: Hoffmann® Light System

Common Name: External Fixation Frame Components

Classification Name/Reference: Single/multiple component metallic bone fixation appliances and accessories, 21 CFR §888.3030

Device Product Code: 87 KTT

Proposed Regulatory Class: Class II

For Information contact: Francisco Haro, Regulatory Affairs Specialist
Howmedica Osteonics Corp.
325 Corporate Drive
Mahwah, NJ 07430
Phone: (201) 831-5493 Fax: (201) 831-6038

Date Summary Prepared: January 28, 2008

Description:

This submission is a line extension to the Hoffmann® II External Fixation System. The components of the Hoffmann® Light System will be based on the component designs of the Hoffmann® II External Fixation System.

Indications:

- Bone fracture fixation;
- Osteotomy;
- Arthodesis;
- Correction of deformity;
- Revision procedures where other treatments or devices have been unsuccessful;
- Bone reconstruction procedures.

Substantial Equivalence:

The Hoffmann® Light System is substantially equivalent to the Hoffmann® II External Fixation System in regards to intended use, design, materials, and operational principles as an external fixation system. The test results demonstrate that the subject components are substantially equivalent in strength to the predicate components.

Re: K073076
Trade/Device Name: Hoffman® Light System
Regulation Number: 21 CFR 888.3030
Regulation Name: Single/multiple component metallic bone fixation
Appliances and accessories
Regulatory Class: Class II
Product Code: KTT
Dated: February 5, 2008
Received: February 6, 2008

Dear Mr. Haro:

We have reviewed your Section 510(k) premarket notification of intent to market the device referenced above and have determined the device is substantially equivalent (for the indications for use stated in the enclosure) to legally marketed predicate devices marketed in interstate commerce prior to May 28, 1976, the enactment date of the Medical Device Amendments, or to devices that have been reclassified in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act (Act) that do not require approval of a premarket approval application (PMA). You may, therefore, market the device, subject to the general controls provisions of the Act. The general controls provisions of the Act include requirements for annual registration, listing of devices, good manufacturing practice, labeling, and prohibitions against misbranding and adulteration.

If your device is classified (see above) into either class II (Special Controls) or class III (PMA), it may be subject to such additional controls. Existing major regulations affecting your device can be found in the Code of Federal Regulations, Title 21, Parts 800 to 898. In addition, FDA may publish further announcements concerning your device in the Federal Register.

Please be advised that FDA's issuance of a substantial equivalence determination does not mean that FDA has made a determination that your device complies with other requirements of the Act or any Federal statutes and regulations administered by other Federal agencies. You must comply with all the Act's requirements, including, but not limited to: registration and listing (21 CFR Part 807); labeling (21 CFR Part 801); good manufacturing practice requirements as set forth in the quality systems (QS) regulation (21 CFR Part 820); and if applicable, the electronic product radiation control provisions (Sections 531-542 of the Act); 21 CFR 1000-1050.

Page 2 – Mr. Francisco Haro

This letter will allow you to begin marketing your device as described in your Section 510(k) premarket notification. The FDA finding of substantial equivalence of your device to a legally marketed predicate device results in a classification for your device and thus, permits your device to proceed to the market.

If you desire specific advice for your device on our labeling regulation (21 CFR Part 801), please contact the Center for Devices and Radiological Health's (CDRH's) Office of Compliance at (240) 276-0120. Also, please note the regulation entitled, "Misbranding by reference to premarket notification" (21CFR Part 807.97). For questions regarding postmarket surveillance, please contact CDRH's Office of Surveillance and Biometric's (OSB's) Division of Postmarket Surveillance at (240) 276-3474. For questions regarding the reporting of device adverse events (Medical Device Reporting (MDR)), please contact the Division of Surveillance Systems at (240) 276-3464. You may obtain other general information on your responsibilities under the Act from the Division of Small Manufacturers, International and Consumer Assistance at toll-free number (800) 638-2041 or (240) 276-3150 or the Internet address <http://www.fda.gov/cdrh/industry/support/index.html>.

Sincerely yours,
